Warranty: See website for warranty information.

* When exchanging your **MBO T series Folder Rollers**, there is a block and pin on the drive side of machine mounted to the folder roller. In some instances, the hole on the block and the hole in the folder roller may not match. The MBO folder rollers may have been manufactured in Poland or Germany which poses the issue. Simply have your machine shop re-drill the folder roller hole to fit the block. Make **SURE** you have tried all the blocks before drilling new holes. We are not responsible for the old holes on folder rollers and your blocks.

PAYMENT: Exchange orders must be pre-paid. We accept payments by check or credit card. Your signature is a personal guarantee of payment for all outstanding invoices. Processing and collection fees for late payments will be added to the amount owed and turned over for collection.
